EXPLANATORY STATEMENT

(Pursuant to Section 102 of the Companies Act, 2013)

The following Explanatory Statement sets out all the material facts relating to the Item Nos. 4 and 5 of the accompanying Notice dated August 12th, 2022.

In respect of Item No. 4

At the 47th Annual General Meeting held on 27th September, 2017 the Members of the Company had appointed Mrs.Nehaben Joy Kothari (DIN:07543569) as an Independent Director to hold office for a term of 5 years w.e.f. 30th March, 2017. Accordingly, the tenure of Mrs.Nehaben Joy Kothari (DIN:07543569), as an Independent Director expired on 29th March, 2022. In terms of provisions of section 178 of the Companies Act, 2013, the Nomination and Remuneration Committee of the Company has recommended to the Board of the Directors, the reappointment of a Director. In terms of provisions of section 149(10) of the Companies Act, 2013, an independent director shall hold office for a term up to five consecutive years on the Board of a Company, and is eligible for reappointment on passing of a special resolution by the Shareholders of the Company and disclosure of such appointment in the Board's report. The Independent Directors shall be appointed by the Board of Directors of the Company, based on the nomination received from Nomination and Remuneration Committee of the Company, constituted by the Board, in accordance with Applicable Law and the Independent Director(s) to be so appointed shall be persons of high standing, good repute and widely acknowledged as experts in their respective field, which the Board deems beneficial to the Company. The Company has received the consent from Mrs.Nehaben Joy Kothari (DIN:07543569) to act as the Director in the prescribed Form DIR-2 under Section 152(5) of the Act and Rule 8 of the Companies (Appointment and Qualifications of Directors) Rules, 2014 along with the declaration on criteria of Independence as per Section 149(6) of the Act and also in compliance with the 'fit and proper' criteria prescribed under clause 5.3 of the Corporate Governance Guidelines issued by SEBI. After taking into account the performance evaluation, during his first term of five years and considering the knowledge, acumen, expertise and experience in respective fields and the substantial contribution made by Mrs.Nehaben Joy Kothari (DIN:07543569) during his tenure as an Independent Director since his appointment, the Nomination and Remuneration Committee at its meeting held on 10th April, 2022 has considered, approved and recommended the re-appointment of Mrs.Nehaben Joy Kothari (DIN:07543569) as an Independent Director for a second term of five years with effect from 1st April, 2022, to the Board of Directors for their approval. The Board of Directors request the members of the Company to re-appoint Mrs.Nehaben Joy Kothari (DIN:07543569) as an Independent Director for a second term of five consecutive years with effect from 1st April, 2022 in the ensuing Annual General Meeting.

The Board recommends the Resolution for approval of the Members as a Special Resolution as set out in the item no.4 of the notice.

Except Mrs.Nehaben Joy Kothari (DIN:07543569), being the appointee, no other Director or Key Managerial Personnel of the Company or their respective relatives is/ are concerned or interested, financially or otherwise, in the said Resolution.

In respect of Item No. 5

Keeping in view the Company's financial requirements to support its future business projects, the Company may need additional funds. For this purpose, the Company may, from time to time, raise finance by way of issuing debt securities to Bodies Corporate and/or such other persons/ individuals or borrow from various Banks and/or Financial Institutions and/ or any other lending institutions as may be considered fit, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in ordinary course of business) may exceed the aggregate of the paid up capital and free reserves of the Company. Hence it is proposed to increase the maximum borrowing limits to Rs.3,00,00,000/- (Rupees Three Crores only) for the Company.

Pursuant to Section 180(1)(c) of the Companies Act, 2013, the Board of Directors cannot borrow more than the aggregate amount of the paid up capital of the Company and its free reserves at any one time except with the consent of the members of the Company in a general meeting.

In order to facilitate issue of debt securities / instruments such as debentures, bonds or the borrowing made by the Company in any other form, the Special Resolution at Item No.5 of the Notice is being proposed, since the same exceeds the limits provided under Section 180(1)(c) of the Companies Act, 2013.

The Directors recommend the Special Resolution as set out at Item No.5 of the accompanying Notice for members' approval.

None of the Directors or Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the Special Resolution except to the extent of their shareholding in the Company.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
HARIA EXPORTS LIMITED

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Haria Exports Limited** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2022 ("Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of the Companies Act, 2013 (the Act) and the rules made thereunder.

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

We further report that, there were no events/actions in pursuance of:

- (i) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (ii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iii) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- (iv) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- (v) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
- (vi) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- (vii) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- (viii) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (ix) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
- (x) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
requiring compliance thereof by the Company during the Audit Period.

We further report that the Board of Directors of the Company is duly constituted with proper balance of executive directors, non-executive directors and independent directors. There was no change in the composition of the Board of Directors during the period under review which was duly reported to the Ministry of Corporate Affairs.

Adequate notice is given to all the directors to schedule the board meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the respective meetings of the Board or Committee thereof. However the independent Directors are not listed on Independent Director's Databank under Section 150 of the Companies Act, 2013. The management has ensured to take corrective steps during the current financial year.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that, during the Audit Period, no events occurred which had a bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations and guidelines.

Apparels and Accessories

Global – Economic Overview

The global economy recovered strongly in 2021 after decline in 2020 due to the pandemic. Global real GDP is estimated to have grown at 6.1% in 2021 compared to a decline of -3.1% in 2020. Emerging market GDP growth has overshadowed the growth witnessed before the Covid era and the growth has come roaring back for the advanced economies of the USA and Europe. Despite a recovery in output and trade, there has been few disruptions which have caused economic uncertainties in the short run in 2022. The pandemic is still not over and there is a renewed surge in COVID-19 cases in advanced economies. Moreover, the ongoing geopolitical conflict between Ukraine and Russia is also having a significant impact on global GDP growth prospects in 2022. Further the supply side disruptions and rising energy prices have resulted in higher inflation across countries. The global economy is predicted to be weaker in 2022 than originally anticipated. Furthermore, supply chain disruptions, energy price volatility, and localized wage pressures all contribute to a high level of uncertainty about inflation and policy directions. Risks to the financial stability of debt-ridden emerging markets and developing nations capital flows, currencies, and fiscal positions may emerge as mature economies raise policy rates. As a result of the economic uncertainties the world GDP is expected to grow at a slower rate of 3.6% in 2022 compared to 2021, as per IMF (International Monetary Fund). The world trade recovered in 2021 with a significant growth of 10.1% in merchandise trade. While supply side issues including port backlogs caused strain in global trade, the major risk in trade comes from the resurgence of the Covid pandemic and disruptions caused by the Russia-Ukraine conflict. Assuming the situation resolves, supply chain constraints are expected to ease, and global trade is expected to grow at moderate level in 2022.

India – Economic Overview :

India’s GDP is estimated at US\$ 3.1 trillion in 2021. Indian economy has recovered significantly in 2021 with a growth of 8.9% in GDP compared to a decline of -6.6% in 2020 due to the pandemic. The Indian economy is further expected to grow at a sustained pace with the risk of pandemic reduced especially for domestic demand. In merchandise exports India crossed the US\$ 400 bn mark for the first time, with a total merchandise exports of US\$417.8 bn in FY2021-22, which shows significant recovery and growth in Indias exports. Manufacturing has recovered in 2021 across sectors. The Index of Industrial Production (IIP) has grown at an average of 11.4% in 2021-22. IIP has surpassed 2019-20 levels after decline in 2020 during the height of the pandemic. From the perspective of textile industry, the Index of Industrial Production (IIP) for textiles took a major dip in the FY2020-21 with an average index value of 91.1, however in 2021-22 IIP for textiles has recovered to reach an average value of 118 with growth of 29.5%. The IIP for apparel recovered to reach a peak of 199.6 in March 2022, with an average growth of 28.5% in FY 2021-22 compared to FY 2020-21. Inflation has risen in 2021-22 driven by rise in prices of crude oil, food items, chemicals etc. The overall Wholesale Price Index (WPI) has increased by 13% in FY 2021-22 compared to FY 2020-21. Inflationary pressures have further intensified with the prolonging of Russia- Ukraine conflict with further rise in energy prices. The Wholesale Price Index (WPI) for textiles has been on a continuously rising trend after the 1st quarter of FY20 and a similar trend was seen in the WPI of the apparel. The WPI for textiles increased by 15%, while for apparel WPI has increased by 3.2% in FY 2021-22 compared to FY2020-21. With the easing of Covid restrictions across the country, consumer confidence is expected to return and result in elevated private consumption soon. The government is also focusing on infrastructure spending and encouraging industries to invest through various PLI schemes across industries. This will further boost investor confidence and is expected to drive the economy forward in 2022, despite the inflation concerns.

2. Textile & Apparel Industry Overview

2.1. Global Textile & Apparel Market Overview

The global apparel consumption in 2021 is estimated to be US\$ 1.5 trillion, recovered by 16% from 1.2 trillion in 2020. USA was the largest

apparel consuming market worth US\$ 257 billion, followed by the EU, China, and Japan, together constituting approximately 40% of the global apparel market consumption. The other major apparel markets include India, Brazil and Canada, accounting for an additional 9% share. The global apparel demand is expected to grow at a CAGR of 7% from the current US\$ 1.5 trillion to reach US\$ 2 trillion by the year 2025. It is projected that China and India will be the fastest-growing apparel markets, both growing in double digits. China will become the biggest apparel market with US\$ 340 billion in market size by 2025, India will also be one of the most attractive apparel markets with an estimated size of US\$ 135 billion by 2025. The high growth in these markets will be primarily driven by the economic growth and increasing disposable income of a large population base.

Internal Control System and their adequacy :

INDEPENDENT AUDITOR'S REPORT

To
THE MEMBERS OF,
HARIA EXPORTS LIMITED

Report on the Audit of Financial Statements Opinion

We have audited the accompanying financial statements of **HARIA EXPORTS LIMITED**, which comprise the Balance sheet as at 31st March 2022, the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 on the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022 and its profit, other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SA's) specified under section 143(10) of the Act. Our responsibilities under those SA's are further described in the *Auditor's Responsibility for the Audit of the Financial Statements* section of our report.

We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Ind AS Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give

a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in the paragraph 3 and 4 of the order.
3. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The balance sheet, the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flow dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls over financial reporting of Haria Exports Limited ("the Company") as of 31st March 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Director are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We have conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SIGNIFICANT ACCOUNTING POLICIES

1 CORPORATE INFORMATION

Haria Exports Limited (the Company) is a publicly limited by shares domiciled in India, incorporated under the provisions of Companies Act, 1956. Its shares are listed on National Stock Exchange of India Limited and BSE Limited. Its registered office is situated at Haria Centre, 8 Subhash Road, Vile Parle (East), Mumbai - 400057 India. The Company is engaged in Textiles & Fabrics.

2 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the Significant Accounting Policies adopted in the preparation of these Financial Statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 BASIS FOR PREPARATION OF ACCOUNTS

a) Statement of Compliance with Ind AS

These financial statements are the separate financial statements of the Company (also called standalone financial statements) prepared in accordance with Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

b) Current versus Non-Current classification

All assets and liabilities have been classified as Current or Non Current as per the Company's normal operation cycle i.e. twelve months and other criteria set out in the Schedule III of the Act.

c) Historical Cost Convention

The financial statements are prepared on accrual basis of accounting under historical cost convention in accordance with Generally Accepted Accounting Principles in India and the relevant provisions of the Companies Act, 2013 including Indian Accounting Standards notified there under, except for the following:

- Certain financial assets and liabilities that are measured at fair value
- Defined benefit plans - plan assets measured at fair value

2.2 USE OF ESTIMATES

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, impairment of trade receivables, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

2.3 REVENUE RECOGNITION

a) Sale of Goods

Revenue from the sale of goods is recognised when property in the goods, or all significant risks and rewards of ownership of the goods have been transferred to the buyer and no significant uncertainty

exists regarding the amount of the consideration that will be derived from the sale of goods as well as its collection. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, related discounts and volume rebates. It includes excise duty and subsidy and excludes Value Added Tax / Sales Tax/ GST.

b) Rendering of services

Revenue of services are recognized when the services are rendered.

c) Dividend

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

d) Interest Income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

2.4 FOREIGN CURRENCY TRANSACTIONS

a) Functional and Presentation Currency

The financial statements are presented in Indian Rupee (INR), which is company's functional and presentation currency.

b) Initial Recognition

Transactions in foreign currencies are recorded at the exchange rate prevailing on the dates of the transactions. Exchange difference arising on foreign exchange transaction settled during the year are recognized in the Statement of profit and loss of the year.

c) Measurement of foreign currency items at the Balance sheet date

Monetary assets and liabilities denominated in foreign currencies are re-translated into functional currency at the exchange rate prevailing at the end of the reporting period. Non monetary assets and liabilities that are measured based on a historical cost in a foreign currency are not re-translated. Exchange differences arising out of these transaction are charged to the profit and loss.

2.5 PROPERTY, PLANT AND EQUIPMENTS AND INTANGIBLE ASSETS

a) Property, plant and equipment (PPE)

i) Recognition and measurement

Freehold land is carried at cost. All other items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenses directly attributable to the acquisition of the assets. The cost of an item of a PPE comprises its purchase price including import duty, and other non-refundable taxes or levies and any directly attributable cost of bringing the assets to its working condition of its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

ii) Subsequent expenditure

Expenditure incurred on substantial expansion upto the date of commencement of commercial production are capitalised. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

b) Capital Work-In-Progress And Pre-Operative Expenses During Construction Period

Capital work-in progress includes expenditure directly related to construction and incidental thereto. The same is transferred or allocated to respective Property, Plant and Equipment on their completion / commencement of commercial production.

c) Intangible assets

Intangible asstes are held on the balance sheet at cost less accumulated amortisation and impairment loss if any.

2.6 IMPAIRMENT OF NON- FINANCIALASSETS

The Company's non-fi nancial assets other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is an indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash infl ows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a discount rate that reflects current market assessments of time value of money and the risks specific to the CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment losses recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amount of the other assets of the CGU on a pro rata basis.

An impairment loss in respect of assets for which impairment loss has been recognized in prior periods, the Company reviews at reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

2.7 DEPRECIATIONANDAMORTISATION

Depreciation is computed using Straight Line Method (SLM) over the useful lives of the assets as specified in Schedule II to the Companies Act,2013. Lease hold land is amortised over the period of lease.

The assets; residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.Depreciation and amortization on property, plant and equipment added/disposed off during the year has been provided onpro-rata basis with reference to the date of addition/disposal.

Depreciation and amortization methods, useful lives and residual values are reviewed at the end of each reporting periodand adjusted if appropriate

2.8 FINANCIAL INSTRUMENTS

I Financial Assets

a) Classification of financial assets

The Company classifies financial assets as subsequently measures at amortised cost, fair value through other comprehensive income or fair value through profit & loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

i) Debt instrument at amortised cost:

A 'debt Instrument' is measured at the amortised cost if both the following conditions are met:- The asset is held within a business model whose objectives is to hold assets for collecting contractual cash flow and - Contractual terms of the asset give rise on specified dates to cash flow that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or cost that are an integral part of the EIR. The EIR. Amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. The category generally applies to trade and other receivable.

ii) Debt instrument at fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flow and selling the financial assets, where the assets' cash flow represents solely payments of principal and interest are measuring at FVOCI, movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue or foreign exchange gains and losses which are recognised in profit and loss. When the financial assets is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the EIR method. The company does not have any instruments classified as fair value through other comprehensive income (FVOCI).

iii) Debt instrument measured at fair through profit and loss (FVTPL):

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instrument that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/ (losses) in the period in which it arises. Interest income from these financial assets is included in other income.

iv) Equity investments:

Investment in associates are accounted using equity method.

All other equity investments which are in scope of Ind-AS 109 are measured at fair value. Equity instrument which are held for trading are classified as at FVTPL. For all other equity investments, the Company decide to classify the same either as at fair value through other comprehensive income (FVOCI) or FVTPL. The company makes such election on an instrument-by- instrument basis. The classification is made on initial recognition and is irrevocable.

For equity investments classified as FVOCI, all fair value changes on the instruments, excluding dividend, are recognized in other comprehensive income (OCI). There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of such investment.

Equity investments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of profit and loss.

Costs of certain unquoted equity instruments has been considered as an appropriate estimate of fair value because of a wide range of possible fair value measurements and cost represents the best estimate of fair value within that range.

b) Initial recognition and measurement

All financial assets are recognised initially at fair value and for those instruments that are not subsequently measured at FVTPL, plus/minus transaction cost that are attributable to the acquisition of the financial assets.

Trade receivable are carried at original invoice price as the sales arrangements do not contain any significant financial component. Purchase or sales of financial assets that required delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the assets.

c) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) primarily derecognised (i.e. removed from the company's balance sheet) when : - The rights to receive cash flows from the asset have expired, or- The Company has neither transferred nor retained substantially all the risks and rewards all the assets, but has transferred control of the assets.

When the company has transferred its rights to receive cash flow from an asset or has entered into a pass-through arrangement, it evaluates whether it has transferred substantially all the risks and rewards of ownership. In such cases, the financial asset is derecognised. When it has neither transferred nor retained substantially all of the risks and rewards of the assets, nor transferred control of the assets, the Company continues to recognise the transferred asset to the extent of the company's continuing involvement. In the case, the company recognises and associated liability. The transferred asset and the associated liability are measured on a basis that reflect the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and maximum amount of consideration that the company could be required to repay.

d) Impairment of financial assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on following financial assets and credit risk exposure:- Financial assets that are debt instruments, and are measured at amortised cost e.g., loan, debt security, deposits, and bank balance.- Trade Receivables

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component.

The application simplified approach does not require the company to track change in risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivable. The provision matrix based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, historically observed default rate updated and change in the forward looking estimates are analysed.

II. Financial Liabilities and equity instruments

Debt and equity instruments issued by an entity are classified as either financial liability or as equity in accordance with substance of the contractual arrangements and the definition of a financial liability and an equity instrument.

a) Equity instruments:

An equity instruments is any contract the evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by an entity are recognised at the proceeds received, net of direct issue costs.

An equity instruments is any contract the evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by an entity are recognised at the proceeds received, net of direct issue costs.

b) Financial liabilities :- Classification

Financial liabilities are classified as either's at FVTPL' or' other financial liabilities consists of derivative financial instruments, wherein the gain/losses arising from remeasurement of these Instruments of recognized in the statements of profit and loss. Other financial liability (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

c) Initial recognition and measurement:

All financial liability are recognised initially at fair value and for those instruments that are notSubsequently measured at FVTPL, plus/minus transaction cost that are attributable to issue of these instruments.

d) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires .When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of the new liability. The difference in the respective carrying amounts is recognised in the statement of Profit and Loss.

III. Fair Value

The Company determines the fair value of its financial instruments on the basis of the following hierarchy.

- a) Level 1 : The fair value of financial instruments quoted in active markets is based on their quoted closing price at the balance sheet date. Examples include exchange traded commodity derivatives and other financial instruments in equity and debt securities which are listed in a recognised stock exchange.
- b) Level 2 : The fair value of financial instruments that are not traded in active markets is determined by using valuation techniques using observable market data. Such valuations techniques include discounted cash flows, standard valuation models based on market parameters for interest rates, yield curves or foreign exchange rates, dealer quotes for similar instruments and use of comparable arm's length transactions. For example, the fair value of forward exchange contracts, currency swaps and interest rate swaps is determined by discounting estimated future cash flows using a risk-free interest rate.
- c) Level 3 : The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs)

IV. Accounting for day 1 differences

If the fair value of the financial asset or financial liability at initial recognition differs from the transaction price, this if it is not consideration for goods or services or a deemed capital contribution or deemed distribution, is accounted as follows :

- i) If the fair value is evidence by a quoted price in an active market for an identical asset or liability (ie Level 1 input) or based on a valuation technique that uses data from observable market, the entire day 1 gain/loss is recorded immediately in the statement of profit and loss; or ii) in all other cases, the difference between the fair value at initial recognition and transaction price is deferred. After initial recognition, the deferred difference is recorded as gain or loss in the statement profit and loss only to the extent that is arises from a change in a factor (including time) that market participants would take into account when pricing the asset or liability.

In case difference represents :

- i) deemed capital contribution - it is recorded as investment in subsidiary
- ii) deemed distribution - It is recorded in equity

- iii) deemed consideration for goods and services - it is recorded as an asset or liability. This amount is amortised / accredited to the statement of profit and loss as per the substance of the arrangement (generally straight line basis over the duration of the arrangement).

2.9 INVENTORIES

Inventories are stated at the lower of cost and net realizable value.

Cost of Raw Material is determined on a First In First Out (FIFO) basis.

Packing materials are valued at cost.

Finished goods are valued at cost or net realizable value whichever is lower. Cost comprises direct materials and where applicable, direct labour costs, those overheads but excluding borrowing cost that have been incurred in bringing the inventories to their present location and condition. Cost is arrived on weighted average cost basis.

Work in Progress is valued at cost or net realizable value whichever is less. Cost comprises direct materials and appropriate portion of direct labour costs, manufacturing overheads but excluding borrowing cost that have been incurred in bringing the inventories to their present location and condition.

2.10 BORROWING COSTS

Borrowing Costs that are interest and other costs that the company incurs in connection with the borrowings of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. Borrowing costs include interest cost measured at EIR and exchange difference arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing Costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets, wherever applicable, till the assets are ready for their intended use. Such capitalisation is done only when it is probable that the asset will result in future economic benefits and the costs can be measured reliably. Capitalisation of borrowing cost is suspended and charged to statement when active development is interrupted

Capitalisation of borrowing costs commences when all the following conditions are satisfied:

- i. Expenditure for the acquisition, construction or production of a qualifying asset is being incurred;
- ii. Borrowing costs are being incurred; and
- iii. Activities that are necessary to prepare the asset for its intended use are in progress.

A qualifying asset is one which necessarily takes substantial period to get ready for intended use. All other borrowing costs are charged to revenue account.

2.11 ACCOUNTING FOR TAXES ON INCOME

a) Income Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in Deferred Tax Assets and Liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period i.e. as per the provisions of the Income Tax Act, 1961, as amended from time to time. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on the rates and tax laws enacted or substantively enacted, at the reporting date in the country where the Company operates and generates taxable income. Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Current tax assets and liabilities are offset only if, the Company : i) has legally enforceable right to set off the recognised amounts; and ii) Intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

b) Deferred Taxes

Deferred tax is recognised in respect of temporary differences between the carrying amounts of the assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purpose.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences only if it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantially enacted at the reporting date.

Deferred Tax Assets and Liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and Deferred Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Any tax credit including MAT credit available is recognised as Deferred Tax to the extent that it is probable that future taxable profit will be available against which the unused tax credits can be utilised. The said asset is created by way of credit to the Statement of Profit and Loss and shown under the head deferred tax asset.

The carrying amount of Deferred Tax Assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the Deferred Tax Asset to be utilised. Unrecognised Deferred Tax Assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset only if, the Company : i) has legally enforceable right to set off the recognised amounts; and ii) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

2.12 PROVISIONS AND CONTINGENT LIABILITIES

a) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required

to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

b) Contingent Liability

Contingent liabilities are not provided for and if material, are disclosed by way of notes to accounts. Contingent Liability is disclosed in the case of:

- i. A present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- ii. A present obligation arising from the past events, when no reliable estimate is possible;
- iii. A possible obligation arising from the past events, unless the probability of outflow of resources is remote.

2.13 EARNING PER SHARE

a) Basic Earnings Per Share

Basic Earnings Per Share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the company's earnings per share is the net profit for the period after deducting preference dividends, if any, and any attributable distribution tax thereto for the period.

b) Diluted Earnings Per Share

Diluted Earnings Per Share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares

2.14 CASH AND CASH EQUIVALENTS

Cash and Cash Equivalents comprise cash and deposits with banks. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known of cash to be cash equivalents.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.15 STATEMENT OF CASH FLOWS

Cash Flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing Cash Flows. The cash flows from operating, investing and financing activities of the Company are segregated.

**Amendment to Ind AS 7:**

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement. The Company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

2.16 DIVIDEND

The Company recognises a liability for dividends to equity holders of the Company when the dividend is authorised and the dividend is no longer at the discretion of the Company. As per the corporate laws in India, a dividend is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.17 ROUNDING OFF

All amounts disclosed in the financial statements and notes have been rounded off to the nearest rupees, unless otherwise stated.

2.18 EVENTS OCCURRING AFTER THE REPORTING DATE

Adjusting events (that provides evidence of condition that existed at the balance sheet date) occurring after the balance sheet date are recognized in the financial statements. Material non adjusting events (that are inductive of conditions that arose subsequent to the balance sheet date) occurring after the balance sheet date that represents material change and commitment affecting the financial position are disclosed in the Directors' Report.

2.19 EXCEPTIONAL ITEMS

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

2.20 OPERATING CYCLE

All assets and liabilities have been classified as current or non-current as per each Company's normal operating cycle and other criteria set out in the Schedule III to the Act

2.21 SEGMENT REPORTING

Operating segments are those components of the business whose operating results are regularly reviewed by the chief operating decision making body in the Company to make decisions for performance assessment and resource allocation.

The reporting of segment information is the same as provided to the management for the purpose of the performance assessment and resource allocation to the segments.

2.22 LEASES

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

a) Company as a Lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

b) Company as a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease.

Leases are classified as Finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

2.23 RECENT ACCOUNTING PRONOUNCEMENTS

NOTES ON ACCOUNT FOR THE YEAR ENDED MARCH 31, 2022

NOTE 24: FINANCIAL RISK MANAGEMENT AND POLICIES

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the managing board. The details of different types of risk and management policy to address these risks are listed below:

(a) Market Risk:-

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings. The objective of market risk management is to avoid excessive exposure in our foreign currency revenues and costs.

(a) (i) Market Risk - Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The company's exposure to the risk of changes in market interest rates primarily to the Company's fixed deposits. Since all these are generally for short durations, there is no significant interest rate risks pertaining to these deposits

Exposure / sensitivity to interest rate risk

Company has NIL exposure to interest rate risk since it does not have any interest bearing borrowings.

(a) (ii) Market Risk - Price Risk

The Company has no surplus for investment in debt mutual funds, deposits etc. The Company does make deposit with the banks to provide security against its bank borrowings whenever required. Deposit is made in fixed rate instrument. In view of this it is not susceptible to market price risk, arising from changes in interest rates or market yields which may impact the return and value of the investments.

(a) (iii) Market Risk - Currency Risk

The fluctuation in foreign currency exchange rates may have a potential impact on the statement of profit and loss and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the Company. The company does not has any asset or liability in the foreign currency. in view of this it is not susceptible to market currency risk arising from fluctuation in foreign currency exchange rates.

(b) Credit Risk

Credit Risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The carrying amount of Financial Assets represents the maximum credit exposure

Trade Receivables

The Company has established a credit policy under which each new customer is analysed individually for creditworthiness before the payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, industry information, business intelligence and in some cases bank references.

Trade Receivables of the Company are typically unsecured, except to the extent of the security deposits received from the customers or financial guarantees provided by the market organizers in the business. Credit Risk is managed through credit approvals and periodic monitoring of the creditworthiness of customers to which the Company

NOTES ON ACCOUNT FOR THE YEAR ENDED MARCH 31, 2022

grants credit terms in the normal course of business. The Company performs ongoing credit evaluations of its customers' financial condition and monitors the creditworthiness of its customers to which it grants credit terms in the normal course of business. The Company has no concentration of Credit Risk as the customer base is geographically distributed in India.

Expected credit loss for trade receivable:

The allowance for impairment of Trade receivables is created to the extent and as and when required, based upon the expected collectability of accounts receivables. On account of adoption of Ind AS 109, the Company uses lifetime Expected Credit Loss (ECL) model for assessing the impairment loss. For this purpose, the Company uses a provision matrix to compute the expected credit loss amount for trade receivables. Loss rates are based on actual credit loss experience and past trends. The provision matrix takes into account external and internal credit risk factors and historical experience / current facts available in relation to defaults and delays in collection thereof

The movement of the expected loss provision (allowance for bad and doubtful loans and receivables etc.) made by the company are as under:

Particulars	As at March 31, 2022	As at March 31, 2021
Opening balance of expected loss provision	36,76,387	36,76,387
Add : Provisions made (net)	-	-
Less : Utilisation for impairment / de-recognition	-	-
Closing balance	36,76,387	36,76,387

Other Financial Assets

The company maintains its Cash and Cash equivalents and Bank deposits with banks having good reputation, good past track record and high quality credit rating and also reviews their credit-worthiness on an on-going basis.

Expected credit loss on financial assets other than trade receivable:

The allowance for impairment of Trade receivables is created to the extent and as and when required, based upon the expected collectability of accounts receivables. On account of adoption of Ind AS 109, the Company uses lifetime Expected Credit Loss (ECL) model for assessing the impairment loss. For this purpose, the Company uses a provision matrix to compute the expected credit loss amount for trade receivables. Loss rates are based on actual credit loss experience and past trends. The provision matrix takes into account external and internal credit risk factors and historical experience / current facts available in relation to defaults and delays in collection thereof. Accordingly based on the provision matrix there is no expected credit loss to the company and accordingly there is no provision for doubtful debts

(c) Liquidity Risk

Liquidity Risk is the risk that the Company will face in meeting its obligation associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach in managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Any short term surplus cash generated, over and above the amount required for working capital management and other operational requirements is retained as Cash and Cash Equivalents (to the extent required).

Exposure to Liquidity Risk

The following table shows the maturity analysis of the Company's Financial Liabilities based on contractually agreed undiscounted cash flows along with its carrying value as at the Balance Sheet Date
